NOT PAID DIRECTLY BY THE STATE.  
All but Eight Quarantine Employees Outside the Civil Service.

Quarantine Commissioner Allen gave out a statement yesterday in regard to the report from Albany that the State Comptroller would refuse to sign warrants for the salaries of the employees under the Health Officer of this city and those under the Quarantine Commission. The reason assigned was that those employees had not been appointed in compliance with the Civil Service laws.

The State Comptroller, Mr. Allen, said, "cannot stop the salaries of the men appointed by Dr. Jenkins, the Health Officer. Those men are paid directly by the State. They are paid by Dr. Jenkins out of the fees collected from vessels at Quarantine. Those fees are deposited in a bank subject to the order of the Health Officer. However, the law directs that the Comptroller has nothing to say about the matter."

The law allows the Health Officer \$5 for inspecting any vessel from a foreign port for sanitary inspection after discharge of cargo, \$10 for fumigation, \$5 each time. There are a number of other fees. The Health Officer takes his own salary of \$12,500 and pays the salaries of his deputies and assistants. He is also allowed a retainer of \$1,000 per month for his services as a member of the Board of Health.

Commissioner Allen said that some of the employees of the Commission received their pay from Dr. Jenkins, and he had nothing to say about it. He said that the State Comptroller, Mr. Allen, said, "whereas paid by the State directly, and the salaries of these may be stopped by the Comptroller, I cannot stop the salaries of the men appointed by Dr. Jenkins, the Health Officer. Those men are paid directly by the State. They are paid by Dr. Jenkins out of the fees collected from vessels at Quarantine. Those fees are deposited in a bank subject to the order of the Health Officer. However, the law directs that the Comptroller has nothing to say about the matter."

# No. 58 Richard No. 58 W. 23d St. W. 23d St.

In response to the offer made by us in last week's paper, manufacturers have sent us, to be sold for their account, thousands of dollars' worth of goods, marked at the very lowest penny they could afford to sell them at. We therefore inaugurate to-morrow (Monday)

## A COST-PRICE SALE

Solely in the Interest of American Labor.

The goods described below were made in American Work-shops by American Labor, and are offered to the public at actual Manufacturers' Cost or less—stripped of all percentages, rebates, or discounts—and are sold by us absolutely in the interests of suffering work people and idle machinery.

We desire to have it distinctly understood that these goods pay no tribute to us in any way whatever (our store and salesrooms, delivery system, the services of our staff of employees, and the cost of the advertising being furnished by us Free of Charge).

None but the work people who made the goods and the people who buy them get any benefit from this sale.

## No Profit for the Manufacturer, No Profit for the Jobber, No Profit for the Wholesaler and No Profit for us.
